Message from the CEO, HELP Academy & HOD, DOMS

Professor Dato' Dr Zakaria Ahmad

BSocSc (Pol Sc) (Singapore), MA (McMaster), PhD (MIT)

CEO, HELP Academy

I welcome all students on board HELP Academy's University of Derby honours degree programme. Let us be partners in this meaningful journey towards the attainment of your chosen degree.

We actively cultivate academic and leadership capabilities in students. Hence, apart from academic pursuits, students in the department are encouraged to participate in extracurricular activities aimed at enhancing their leadership, communication, organisational, creative thinking and other important life skills which will make them valuable assets of the organisations they work with.

Mr Leong Kuok How

MSc IT in Business (Lincoln), BA (Hons) Marketing & Management (Lincoln)

Advance Diploma in Marketing & Management (La Trobe)

Head of the Department of Management Studies, HELP Academy

Pathway to business success

Whether you're starting out, resuming study or looking to take your career to the next level, the Department of Management Studies at HELP Academy offers certificate, diploma and degree programmes from the University of Derby, UK with professional qualifications that put you at the centre of contemporary business and prepare you to play an influential role in it.

From day one, our students are mixing with real business leaders demonstrating our commitment to real-world learning throughout their studies, with field trips, networking opportunities and work placements at their fingertips.

Study with us and we'll help develop you professionally and personally.

UNIVERSITY OF DERBY

Professor Kathryn Mitchell
Vice-Chancellor

“The University of Derby is proud to be partnered with HELP Academy to provide outstanding educational opportunities for students. This partnership enables students to benefit from excellent teaching that will equip them with the skills and experiences that employers value and give them the confidence to take the first steps in a successful career.”

The University of Derby (UoD) is a modern and innovative education provider with over 160 years of expertise in education.

It is ranked among the Top 30 UK universities in the Guardian University Guide 2019.

UoD prides itself on offering:

- A high quality education which is relevant to today’s world and ensures our graduates are well equipped to lead successful careers.
- Research that directly informs its teaching or provides solutions for businesses.
- Experiential learning, which our students put into practice and often in excellent environments.

UoD’s recent successes:

- Ranked 29th in the 2019 Guardian University Guide, UK
- Top 10 for Management/Business/Marketing honours degree (2019 Guardian University Guide)
- Rated gold in Teaching Excellence Framework 2017 (TEF)
- Top 26 for Accounting & Finance honours degree
- One of the 6 most improved universities in the UK, 2019
- Student employability rate: 96%
- Nurtured 3 First Class Honours students in 2017
- Produced 11 First Class Honours students in 2018 (Business: 4, Accounting & Finance: 7).

The Business Management & International Business programme is accredited by the Chartered Management Institute (CMI). Students will be enrolled as Affiliate Members and receive an Advance Diploma in Management and Leadership.

UoD at HELP Academy

Your first trusted business partner

Whatever your career path, it will benefit from the insights and experiences of a skilfully structured and professionally relevant business course. But before every smart business suit, there are rolled-up sleeves. That goes for us as well as you.

We push ourselves as hard as we encourage you. We make sure every undergraduate course mirrors contemporary businesses. We invite the input of local and national employers, and professional bodies.

We are networked into a dynamic business community so we can put you in touch with some of the brightest business minds. In our 10-day unique global exposure trip to Derby, UK, you will hear from influential business leaders and entrepreneurs in seminars. You can also take part in major networking events to bolster your contacts book for the future.

We will help you to gain vital practical experience by spending a full internship programme that puts credibility on your CV, money in your pocket, and you in professional shoes.

Together, we look the business world in the eye, and find your place in it.

10-DAY UNIQUE GLOBAL EXPOSURE TRIP TO DERBY, UK

Included in the Derby 3+0 programme is a 10-day trip to Derby UK for registered students. They will participate in academic activities and seminars, network with Derby students and faculty members, and visit Derby's industry partners like Rolls Royce.

Main goals of DOMS

- To work with dedication and to be accepted as Malaysia's premier provider of British (3+0) Business and Management programmes
- Committed in preparing students with appropriate knowledge as well as competitive skills and competencies that ensure their successful employability in national and international organisations.

Towards these ends DOMS:

- Provides qualified, dedicated and experienced faculty
- Provides appropriate support to students to achieve their academic potential
- Equips students with the requisite talents that are highly sought after by employers
- Focuses on nurturing students with versatility who are capable of globally mobility
- Helps students to improve their level of English throughout the semesters.

BA (Hons) Accounting & Finance

KPT/JPS (N/344/6/0316) (MQA/FA5088) 08/19

Why choose this course?

Accounting at Derby is recognised as one of the best courses in the UK. In the Guardian League Table 2016, Accounting and Finance at Derby is ranked in the top four of all Midlands universities, and 17th nationally.

Our staff are all professionally qualified and know the industry inside out - they bring insights from the front line of contemporary accounting and finance.

We have designed the course to ensure that, if you select the relevant module pathway, you will be eligible to apply for the maximum exemptions offered by ACCA - which means you can achieve membership for your professional quicker and accelerate your career.

We can help you secure work placement, which puts you in professional shoes and shows you the realities of the modern business world.

It is all about employability - how you study and what you learn are entirely relevant to the challenges you will face as a professional accountant or manager.

About the course

Our BA (Hons) Accounting and Finance gives you a sound knowledge of accounting and business, which will enable you to take up a management position in industry and commerce, or become a professional accountant.

Throughout the degree we will also be developing your personal, transferable skills. These are the skills that will complement your academic knowledge and improve your employability.

You will develop your communication, report writing and presentation skills, and be able to manage your time and work to meet deadlines. You will be able to work independently and be self-motivated, and also work effectively and constructively as part of a team. These skills are vital to your success, wherever you see your career developing.

How you will learn

There are a range of assessment methods used throughout the degree. In the first stage, the range of assessments include computer-based assessments, examinations, essays, business reports and portfolios. All of these are designed to help you gauge your own level of learning by giving you feedback on how you do so that it helps your learning in a constructive way.

At the second and third stages, you will be assessed mainly by examinations, but also by essays, business reports, portfolios and presentations. Again, all of these are designed to help you gauge your own level of learning, by giving you feedback on how you do so that it helps your learning in a constructive way.

Career opportunities

There is always a demand for accounting graduates. As an accountant you will have the opportunity to work in many diverse fields, anywhere in the world.

We have designed the degree in such a way that it allows you to be eligible to apply for the maximum exemptions from ACCA professional qualifications, subject to the module pathway you select. This shortens the time required for you to become a fully qualified member of your chosen professional body.

Paw Lih Lin (above), BA (Hons) Accounting and Finance

“The HELP Foundation was a wonderful programme, so after that I decided to continue studying at HELP for a UK degree. The free study trip was a fantastic chance to visit the real campus in Derby, UK. It is real value for money. Time has gone by so fast, it was great to meet good lecturers and make amazing friends. At the same time, I learnt so much and I improved my skills from doing challenging assignments that made me a good researcher, taught me good time management, and the ability to adapt.”

Chan Pui Mun (far left), BA (Hons) Accounting and Finance

“The course is affordable and the subjects were exactly what I wanted to study to get a strong foundation for a career as an Accountant. The lecturers were helpful and friendly and gave me great advice and guidance throughout the course. But the free study trip to the UK was the main reason I chose this course. We spent a memorable week on the University of Derby campus with its amazing facilities and equipment. Visits to the Derby Cathedral and the Derby Silk Mill made me a more knowledgeable person. I studied hard but I played hard too, so I look back at life in the Derby programme at HELP with happy memories.”

BA (Hons) Business Management

KPT/JPS (N/345/6/0651) (MQA/FA5087) 08/19

Why choose this course?

The University of Derby is the first UK University to deliver CMI accreditation through their international partners. Derby's BA in Business Management is accredited to CMI Level 5 Diploma in Management and Leadership which is also delivered through their partners EU Business School (Europe) and HELP Academy (Malaysia). The subjects you cover throughout this degree don't exist in isolation - in business you will need to use elements from each subject in different situations, which means you will combine everything you learn and apply it to various business simulations and case studies. For example, you could find yourself setting up a business, identifying your target market, advertising, preparing business plans and cash flows, and carrying out a feasibility study. This experience and practical application of your knowledge sets this degree apart, and prepares you fully for a successful management career

About the course

Combine a Business Management degree with an internationally recognised professional qualification and open the door to a high-flying, high-achieving career. This degree shows the world you have what it takes to be an outstanding manager.

Ours is one of the few courses in the country where you will graduate with a highly regarded BA (Hons) Business Management as well as the Chartered Management Institute (CMI) Level 5 Diploma in Management and Leadership. With these qualifications on your CV, you will gain instant recognition from potential employers and signal that you are suited for senior roles and rapid

promotion. The Diploma is the benchmark qualification for full CMI membership and takes you a step towards the Chartered Manager status.

There is no need to take extra exams or coursework to achieve the CMI Diploma. This course offers combined module and CMI assessments to give you a smooth route to both qualifications.

How you will learn

This course is assessed in a variety of ways including computer-based assessments, group and individual written assessments, portfolios, reflective diary and group presentations. You can also take an optional placement year, which will really enhance your employability prospects.

Career opportunities

Your qualifications will equip you for a rewarding career in any area of business and management, from sales and marketing to HR and operations. They will also mark you out as having the potential for rapid promotion to senior positions.

You could progress to roles such as operations manager, business analyst, business development manager, sales executive, marketing officer, HR advisor – the list is endless.

Some have gone on to use the skills and entrepreneurial spirit they gained during their degree to set up their own businesses after graduating.

A trip back in time to the 1760s at the spectacular neo-classical mansion.

Yong Suet Mun
BA (Hons) Business Management

“I chose the BA in Business Management because my ultimate goal is to be a management consultant. Being accredited by the Chartered Management Institute (CMI) Level 5 Diploma in Management and Leadership adds extra value to my resume and helps me gain instant recognition from potential employers. The small class sizes coupled with the lecturers’ willingness to share their unquantifiable knowledge contributed to my success. The 10-day international study trip to Derby with all the academic activities and the networking with Derby faculty members, CMI staff as well as special business guest judges from manufacturing and consultancy specialists was a truly memorable graduation trip with my friends!”

BA (Hons) Business Management (International Business)

KPT/JPS (N/340/6/0540) (MQA/PA5676) 03/20

Why choose this course?

The BA (Hons) Business (International Business) allows students to focus on the study of International Business as a specific field of interest, combined with the study of more general business concepts and management techniques. This programme will include a focus on the global dimension to these areas and therefore, International Business is multidisciplinary in nature and can lead to many possible careers.

About the course

The BA (Hons) Business (International Business) programme focuses on the way businesses work across the world and gives those who are considering a career in a multinational or internationally active business a solid foundation. You will examine every aspect of international business from the factors that drive firms to become international to the challenges of managing people and supply chains across the world. Students will also learn how to critically explain and comment on the techniques used in multidisciplinary business and become adept at applying tools to solve business problems. They will discover how to analyse and evaluate the structures, processes and contexts of international business and be ready to apply these skills in a real world setting.

How you will learn

A wide range of coursework assessment methods are used on the course, many of which are designed to improve your transferable skills and overall employability.

You may be creating strategy documents, international business analysis reports, creating presentations or videos, or analysing information from Bloomberg on international markets and organisations. You may be working alone or as part of a team and you may be marked on elements of reflective practice. You may be writing essays, creating a portfolio of relevant work or undertaking computer-based assessments.

Feedback will be provided at every opportunity in order to enable you to monitor your own progress and development.

Career opportunities

This programme offers broader and deeper business education that will suit your needs if you wish to pursue a career associated with international business in both the private and public sectors.

Upon the successful completion of your BA (Hons) International Business, you will be highly employable in international trade, transport and logistics corporations, financial institutions involved with trade and investment, firms engaged with business process outsourcing, international trade government agencies, international business consultancy, and many others.

On the last day of their visit to the Derby campus, the students received a surprise visit from HELP Vice Chancellor and President Datuk Dr Paul Chan.

Lim Jin Ru (3rd from left)
BA (Hons) Accounting & Finance

“The University of Derby is a great university from which you will learn a lot. The Derby 3+0 programme at HELP not only prepares students for their future job by offering practical skills and relevant theoretical knowledge, but also provides the skills needed to be successful in today’s competitive job market. In a nutshell, UoD is the perfect choice for those who want to excel in the business world and aspire to a successful career.”

Raja Nur Syazwina (3rd from right)
BA (Hons) Business Management

“The Derby programme is ideal as it is a broad based degree which exposed me to all aspects of a business career – HR, marketing, accounting, economics and finance. I really enjoyed all the modules throughout the 3 years! They were interesting and relevant to real-life scenarios. Because it is a UK syllabus, I was also exposed to UK examples which was a great bonus. Local contexts were also applied whenever necessary. During the course, I never thought I would develop this beautiful relationship with my classmates and faculty but I am glad I did!”

Matthew Yeoh Yang Ming (far right)
BA (Hons) Business Management

“The University of Derby 3+0 programme was my top choice because it is modern and reputable with over 160 years of expertise in education. Moreover, it is also ranked among the Top 30 in The Guardian University Guide 2019. The reputation of a university counts, as it opens more doors to careers in the future. The lecturers at HELP were very supportive and always willing to respond to queries and address problems. It gave me an opportunity to enrich my knowledge, to learn and to grow gradually.”

Certificate in Business Management

KPT/JPS (N/345/3/1062) (MQA/PA9103) 01/23

(Leading to the Diploma in Business Management)

Why choose this course?

This course provides foundational knowledge and a fundamental understanding of management, marketing, finance, accounting, economics and other areas of business.

It also provides a basic understanding of the relevant Business Management theories and their practical application in the business world.

This is to better prepare students for further studies in the field of business and accounting as part of their lifelong learning and professional development.

Students are also given an opportunity to develop communication, interpersonal, leadership and teamwork skills.

What you will cover:

Semester 1 (Year 1)

- Basic Economics
- Basic Business Studies
- Basic Accounting

The above list has been created by DOMS and the University of Derby Partnership Team by following the Malaysian Qualifications Agency (MQA) guidelines, criteria, entry requirements and respective programme standards.

University of Derby 3+0 Programmes

"The chance to get a UK degree and the free trip to the University of Derby campus was the reason I chose the programmes. The trip was an amazing and memorable experience. We were in a real UK university environment, with the chance to attend classes and do projects guided by the lecturers with their unique global perspective. I am now a proud graduate of a UK university – the University of Derby."

Shanice Cheng Sheue Ying
BA (Hons) Accounting and Finance

"I like calculations and numbers so that explains my interest in an accounting and finance degree. It also opens doors to the corporate world. I'm aiming for a career in banking as I've always been interested to know how banks act as the legal financiers in terms of their operations. The free trip to the Derby campus in the UK was important for me; it was not just a vacation but also an exposure to the university, particularly the culture and the environment. It was excellent in terms of the quality of the teaching and guidance given to me while I was studying. This programme and the international study trip has given me so much memorable experiences which will remind me there are still a lot of challenges out there for me to conquer using whatever knowledge."

Kelly Yap Pye Venn
BA (Hons) Accounting and Finance

"I chose the Derby 3+0 programme because it gives me a UK degree that is internationally recognized. It opens up a good range of job opportunities as there is always a demand for people in the finance sector. I learned good ideas about how to maximise profits and minimise costs; this will help me achieve my ambition to make lots of money! My tutors were also very approachable and helpful. They would patiently go through the materials with me until I mastered them. It was a good experience that I will treasure always."

Vanessa Chua Li Yan
BA (Hons) Accounting and Finance

"The Derby 3+0 at HELP is an affordable course. I liked the combination of different types of assessment instead of focusing only on examinations. Also the compulsory internship actually focuses on practical skills and employability rather than just bookwork. But the best thing about studying here are the lecturers. They are really considerate and helpful; we are more like friends. That's a great way to study and achieve excellence."

Tong Zi Yan
BA (Hons) Accounting and Finance

"I aim to be a managing director of a multinational firm in the future and the Derby programme has brought me a step closer to my goal. I mastered the ability to speak and present confidently as this course requires us to constantly make presentations. The knowledge imparted by the lecturers is priceless; their examples are always based on real scenarios in the market place. I enjoyed myself throughout my 3 years and will not trade it for anything. Thank you HELP and University of Derby for this great experience."

Viviana Shield Mangaran
BA (Hons) Business Management

Constant staff development sessions are held by the UoD and CMI representatives on an annual basis as a continuous enhancement process for the teaching and administrative team at HELP Academy.

Ms Gail Thrippleton, International Partnership Manager, University of Derby and Mr Brian Wilkinson, Relationship Manager, Higher Education, Chartered Management Institute (CMI), UK present plaques to Mrs Chan Kam Yoke, CEO of HELP in appreciation of the Collaborative Relationship between HELP and UoD, and in affirmation of accreditation of the BA (Hons) Business Management programme by CMI.
